

Motor Race Australia – Round 6

Permit Number: 226/0808/03

Date: 08/08/2026

Drivers Briefing Notes

Welcome to Motor Race Australia at One Raceway. Race direction will be Wakefield (that is clockwise).

This meeting is being held in accordance with the Motorsport Australia [National Competition Rules](#), [Circuit Race Standing Regulations](#), the event Supplementary Requirements and your [category sporting and technical regulations](#).

Walking speed in public areas and no passengers are to be carried within Pit Lane or in the Marshalling Area. Reversing is not to occur in the lane, cars must be pushed into garages by teams or officials.

Refuelling is to occur in open areas, either in the lane or behind the pit garages. Carports are considered open. All refuellers are to be attired per Motorsport Australia requirements. Smoking to occur in designated areas only.

Race starts will be conducting as non-championship standing or rolling starts in accordance with your regulations. Make sure you are in marshalling early, as we have a tight schedule.

In event of an incident on track, the safest place to remain is your car unless in imminent danger. Signal that you are okay to officials and the type of recovery you need. If you are leaking fluid, stay off race line and return to pits as soon as possible. On red flag, return to the pits and follow direction of officials.

Speed limit in Pit Lane is 40 km/h, marked by the 40 sign at the start of the lane and ending at the second white line with the derestriction sign at the end of the lane. We measure speed from anywhere in the lane, even the very start, so make sure you are doing 40 km/h at the sign.

Driving standards will be enforced in accordance with the Circuit Race Standing Regulations (CRSR). Onus is on overtaking car to overtake safely, make sure you are obeying blue flags and obeying track limits. Breaches of the code of conduct may be reported to the Clerk of Course by officials or competitors for investigation.

Light boards will be used, but flags are primary signaling. Clerk of course flags and numbers (Black flag, mechanical and bad sportsmanship flags) will be displayed at turn 8 and Start/Finish on the light boards. You have 1 lap to comply or penalties may be applied in accordance with the CRSR Standing Regulations.

Samuel Keogh

Clerk of Course
